Organising and labelling evidence

Please insert any evidence that you wish to submit after the applicable unit application form.

For each item of evidence, you need to work out which of the learning outcomes it relates to. This should be indicated in the appropriate place on the module application form, as well as on the evidence.

For some items of evidence, it may be appropriate to indicate which part of the item is relevant to which learning outcome. Make sure that you have clear references in each of your applications to any relevant evidence (see unit application form over the page), so that assessors can easily locate it.

If you don't have primary evidence (certificates, letters, examples of sessions etc) that you can submit to substantiate your claim, but consider that you could demonstrate your competence to assessors, please make a note to that effect.
